

HENRY®

Made In America and Priced Right

2003

**WARNING - URGENT ATTENTION REQUIRED
CHECK FOR AMMUNITION IN
ALL HENRY RIFLES**

We recently discovered that we shipped 3 Henry rifles that were loaded with ammunition. We take several steps to make sure that this could not happen but our system was circumvented and subsequently failed. We ask that you inspect any Henry rifle that you have in inventory for ammunition. We have now taken several additional steps to guarantee that this could not happen again. We regret the inconvenience and please accept our apology.

Sincerely

Anthony Imperato, President
