

# SAFETY RECALL

Uncle Mike's Pistol Holster with Thumb Break for  
Glock Handguns – Issued during 2002

Sizes: 12,21,25

Glock handguns holstered into older models of this holster may accidentally discharge because the holster's retention strap can enter the pistol's trigger guard and exert enough pressure to fire the handgun.

For free replacement of the holster's retention strap,  
call Michaels of Oregon at

**(800) 471-4999**

or contact us at
